

# Jitterbit Organizational Administration Training

*Quickly come up to speed on admin-related tasks with Jitterbit Organizational Administration training*

## Organizational Administration Training

Come up to speed and become productive faster using Jitterbit Cloud Studio within your organization. Designed for those working in IT Operations-related roles, you'll learn about many org admin-related tasks such as organizational security, user and role management, environment, and project management, and more.

This is a lecture-style course and chapters are composed of videos followed by short quizzes to reinforce key principles.

### KEY BENEFITS

- ✓ On-demand, self-paced training allows you to learn when and where you want.
- ✓ Learn how to manage successful integration projects from the Management Console.
- ✓ Understand best practices for optimized workflows.
